General Sponsor

PROGRAM**Friday, June 30nd 2017.**

- 16:00 - 18:00 Registration
 18:00 - 19:00 Opening and welcome ceremony

KEYNOTE LECTURE

- 18:30 - 18:50 *Manfred Dietel*
 "Molecular Pathology, Precision Medicine and Immuno-Oncology – an update".
 18:50 - 19:10 *Hofler Gerald*
 „Liquid biopsy – hope and hype“
 19:15 Welcome cocktail

Saturday July 01st 2017.

- 08:00 - 09:00 Registration
 09:00 - 09:20 *Ganni Bussolati*
 CyTEST, a tool for Education and assessment in Cytology.

I SESSION – CERVIX

- 09:20 - 09:40 *Sigurd Lax*
 Recent advances in endocervical adenocarcinoma
 09:40 - 10:00 *Ermina Iljazović*
 Diagnostic dilemmas in detection of cervical glandular lesion:
 do we miss something?
 10:00 - 10:20 *Senija Eminović*
 Approach to histopathology reporting of cervical biopsy
 10:20 - 10:40 *Marina Kos*
 Immunohistochemistry in diagnosis of precancerous lesions of uterine cervix
 10:40 - 11:00 Coffee break

II SESSION - BREAST

- 11:00 - 11:20 *Vincenzo Eusebi*
 Triple negative breast cancer
 11:20 - 11:40 *Semir Vranić*
 Special types of breast cancer: Molecular genetic features".
 11:40 - 12:00 *Srježana Tomić*
 Molecular pathology of breast cancer: what the pathologist needs to know?
 12:00 - 12:20 *Vesna Ramljak*
 Opportunities and role of cytology in diagnostic of breast lesion
 12:20 - 12:40 *M. Đorić, S. Kuskunović-Vlahovljak, S. Radović, M. Babić, E. Lazović Salčin, N. Čamdžić*
 Association of peritumoral lymphatic vessel density and marginal adipose tissue invasion with clinico-pathological parameters in breast carcinoma
 13:00 - 14:00 Lunch

III SESSION THYROID GLAND

- 14:00 - 14:20 *Valdi Pešutić*
 Missinterpretations in the diagnostic of thyroid gland neoplasm
 14:20 - 14:40 *M. Babić, S. Radović, Đorić M, S. Kuskunović-Vlahovljak, E. Lazović, N. Čamdžić.*
 Comparison of immunohistochemical profile of papillary thyroid carcinoma and Whartin-like variant - of thyroid carcinoma: A case report

CASE PRESENTATION

- 14:40 - 14:55 *Hajrudin Beširović*
 Pathohistological analysis of the lesser-spotted catsharks, *Scyliorhinus canicula* (L.), from the Eastern Adriatic sea: insight into the current studies
 14:55 - 15:10 *Jasmina Nuhanović*
 Prostatitis granulomatosa mimicking Bacillus Calmette-Guerin-therapy related granulomatous prostatitis: a case report
 15:10 - 15:25 *Komina Selim*
 Spectrum of congenital anomalies in perinatal and infant deaths – an autopsy study.
 15:25 - 15:40 *Nermin Mušanović*
 Mediastinal masses treated by uniportal VATS at the department of thoracic surgery, University Clinical Center Tuzla in a period 2016-2017
 15:40 - 15:55 *Goran Šarkanović, Nevena Poljašević, Ermina Iljazović, Zinaida Karasalihović,*
 Case report of thyroid metastasis of renal cell carcinoma after 11 years
 15:55 - 16:10 *Robert Terlević, Melita Perić Balja, Davor Tomas, Božo Krušlin, Alma Demirović*
 Somatostatin receptor expression in breast carcinoma with neuroendocrine features
 20:00 Gala Dinner
