13.-15. NOVEMBER 2025.
HOTEL SALIS, TUZLA

SECOND ANNOUNCEMENT

Dear colleagues,

It is our pleasure to invite you to the Symposium of Gynecologists and Perinatologists of the Tuzla Canton with international participation, titled "GAK Perspectives - Women's Horizons 2025," which will be held from November 13th to 15th, 2025, at Hotel Salis in Tuzla, Bosnia and Herzegovina.

This professional gathering continues the tradition of previously successful symposia, which over the years have brought together numerous gynecologists, obstetricians, and other healthcare professionals. These events have become an important platform for the exchange of knowledge, experience, and the latest advancements in women's health. In past meetings, we have addressed key topics, strengthened institutional cooperation, and laid the foundations for modern, multidisciplinary practice.

This year's symposium, under the title "GAK Perspectives - Women's Horizons 2025," offers a comprehensive overview of women's health, encompassing the latest insights in gynecology and obstetrics. Special attention will be given to colposcopy, with a one-day school - a professional course in colposcopy - scheduled for November 13th from 10:00 AM to 4:00 PM. This course will be particularly valuable for colleagues seeking to enhance their skills and knowledge in this important field.

Tuzla, a city with a rich medical tradition and a regional university and clinical center, will once again host experts from across the country and abroad. We believe that this symposium, like the previous ones, will be a venue for meaningful encounters, valuable discussions, and the creation of new professional connections.

The official opening of the Symposium, along with an introductory lecture, will take place on November 13th at 5:00 PM.

A detailed program and more information about the Symposium will be published in the upcoming invitation.

We look forward to your attendance and to working together on advancing women's health!

Sincerely,

President of the Organizing Committee of UGPTK
Prim. Doc. Dr. Med. Sci. Hidajet Rahimić

ORGANIZING COMMITTEE

President of the Organizing Committee

Prim. Doc. Dr. Med. Sci. Hidajet Rahimić

Vice Presidents of the Organizing Committee

Prof. Dr. Gordana Bogdanović – Head of the Perinatology Section and
Vice President of UGPTK

Prof. Dr. Mahira Jahić – Vice President of UGPTK

Organizing Committee

Prim. Prof. Dr. Lejla Mešalić

Prim. Dr. Mišić Mladen

Prof. Dr. Azra Hadžimehmedović

Doc. Dr. Igor Hudić

Dr. Med. Sci. Melika Dervišefendić

PARTICIPANT REGISTRATION

Registration Fees	Early Registration Fee until October 13	Late Registration Fee from October 13
Active Members of the UGPTK	Free	Free
Specialists	250 KM/ 125 EUR	300 KM/ 150 EUR
Residents	150 KM/ 75 EUR	200 KM/ 100 EUR
Nurses, technicians, and other healthcare professionals	100 KM/ 50 EUR	150 KM/ 75 EUR

The listed prices are subject to a VAT rate of 17%.

REGISTRATION

Online registration is mandatory for all participants. Registration is done via online application ([CLICK HERE](#)). All participants will receive participation certificates by email to the address they used to register.

SPONSORSHIP OPTIONS

GENERAL SPONSOR

Sponsorship fee: 10,000 BAM / 5,000 EUR

- Equipped exhibition space within the accompanying exhibition
- Advertisement at the booth (materials provided by the sponsor)
- 3 satellite symposia, 15 minutes each
- 5 registrations
- Priority in choosing exhibition space
- Prominent display of company logo and name
- Branding of the conference hall (materials provided by the sponsor)
- Logo + hyperlink on the symposium website

GOLD SPONSOR

Sponsorship fee: 7,000 BAM / 3,500 EUR

- Equipped exhibition space within the accompanying exhibition
- Advertisement at the booth (materials provided by the sponsor)
- 2 satellite symposia, 15 minutes each
- 3 registrations
- Prominent display of company logo and name
- Logo + hyperlink on the symposium website

SILVER SPONSOR

Sponsorship fee: 5,000 BAM / 2,500 EUR

- Space of 2 m², table + two chairs + possibility to set up own banner or roll-up
- 1 satellite symposium of 15 minutes
- Prominent display of company logo and name
- Logo on the symposium website

SPONSOR

Sponsorship fee: 3,000 BAM / 1,500 EUR

- Space of 2 m², table + two chairs + possibility to set up own banner or roll-up
- Prominent display of company logo and name
- Logo on the symposium website

The listed prices are subject to a VAT rate of 17%.

PROGRAM INFORMATION

PRE-SYMPOSIUM ONE-DAY COURSE

The price of the One-Day Basic Colposcopy School is 200.00 BAM or 100.00 EUR.

Basic Colposcopy School

Target group:

Specialists and residents in gynecology and obstetrics without prior formal training in colposcopy.

Course objective:

- Understand the basic principles of colposcopy
- Become familiar with cytological and histopathological basics
- Learn basic colposcopy findings and interpretation
- Develop basic examination skills using a colposcope

Topics of the Colposcopy School

1. Introduction to colposcopy - Prof. Mahira Jahić
2. Anatomy of the cervix and the transformation zone - Doc dr. Emir Mahmutbegović
3. All the challenges of cytology Prof Ermina Iljazovic
4. Normal and abnormal colposcopy findings Prof dr Vesna Kesic
5. Classifications of colposcopy findings Doc dr Hidajet Rahimić
6. Management of findings with abnormal cytology and/or high-risk HPV - the role of colposcopy. Prof. Dr. Goran Dimitrov
7. Biopsy and sampling Dr. Jasminka Čehajić
8. Treatment of precancerous lesions Prof. Dr. Feđa Omeragić
9. HPV vaccination Prof. Musa
10. Videos and clinical cases (for practice) Prof. Dr. Ermina Iljazović, Prof. Dr. Vesna Kesić, Prof. Dr. Goran Dimitrov, Prof. Dr. Mahira Jahić and Prof. Dr. Feđa Omeragić
11. Appendixes: forms, links and literature

PROGRAM BY HOURS

THURSDAY 13 NOVEMBER 2025

08:30 – 09:00 → Registration and introductory speech

- Welcome
- Presentation of the program and lecturers

PROGRAM INFORMATION

09:00 – 09:20 - Introduction to colposcopy Prof. Dr. Mahira Jahić

- History and importance of colposcopy
- Indications for colposcopy
- Basic terminology (Bethesda, IFCPC classification)

09:20 – 9:40 - Anatomy and physiology of the cervix Assoc. Prof. Dr. Emir Mahmutbegović

- Transformation zone
- Changes during the menstrual cycle and menopause

09:40 – 10:10 - All challenges of cytology Prof. Dr. Ermina Iljazović

- Basic interpretation of Pap smear results
- All challenges of cytology

10:10 – 10:30 - Coffee break

10:30 – 11:00 - Normal and abnormal colposcopy findings Prof. dr Vesna Kesić

- Normal and abnormal findings
- Acetowhite epithelium, mosaic, punctures, atypical blood vessels
- How to document a colposcopic finding

11:00-11:30 - Classification of colposcopic findings Assoc. Prof. dr Hidajet Rahimić
Basic colposcopic findings – a guide for young gynecologists

11:30 – 12:00 - Management of findings with abnormal cytology and/or high-risk HPV – the role of colposcopy Prof. Dr. Goran Dimitrov

- Algorithms for diagnosis and treatment

12:00 – 12:30 - Basics of biopsy and specimen handling Dr. Jasminka Čehajić

- How and where to take a biopsy
- When to use endocervical curettage

Pathohistological responses – basics

12:30– 13:30 - **Lunch**

13:30 – 14:00 - HPV vaccination Prof. Dr. Sanjin Musa

14:00 – 15:30 - Practical demonstration and video presentation

- Presentation of colposcopic findings with video material
- Simulation of the examination (or work on models, if available)
- Case discussion

15:30-16:00 - Therapy of precancerous lesions Prof. Dr. Feđa Omeragić

16:00 – 16:30 - Questions and answers + evaluation

- Discussion with participants
- Giving feedback
- Distribution of certificates of participation

PROGRAM INFORMATION

THURSDAY 13 NOVEMBER 2025

17:00 - 18:00 Opening ceremony of the symposium

- Address by the President of the UGPTK
 - Musical performance
 - Address by guests and guests
 - Musical performance
 - Introductory lecture by Prof. Dr. Azra Hadžimehmedović - Gynecology and Obstetrics
 - Musical performance
 - Genital biofilm - role in health and diseases of the reproductive tract
- Academician Prof. Dr. Mirsada Hukić
- Musical performance

18:00 - 19:00 Promotion of the book "Tumors of the female reproductive system" by Prof. Dr. Feđo Omeragić

19:00 Welcome cocktail

FRIDAY 14 NOVEMBER 2025

08:00-09:00 Registration

09:00-09:15 **Prof.dr Mahira Jahić** - Incidence of cervical cancer in the Federation of Bosnia and Herzegovina

09:15-09:30 **Doc.dr Anis Cerovac** (Sabina Dindić Husetić) - Pathogenesis and prevention of cervical cancer

09:30-09:45 **Prof.dr Nevenka Pavlović** - Cervical cancer screening: current recommendations for implementing screening programs

09:45-10:00 **Prof.Goran Dimitrov MD PhD** - Preventing cervical cancer : best practices in PAP and HPV testing - our experience

10:00-10:15 **Assist. prof. Nina Jancar, M.D., Ph.D.** - Follow-up of women after treatment of cervical precancer

10:15-10:30 **Asist dr sci med Slobodan Maričić** - Deescalation surgery in early cervical cancer. Are we close to a standard approach?

10:30-10:45 **Prof.dr Ermina Iljazović** - Cytology in the era of HPV screening)

10:45-11:00 **Prof. Valentina Tofiloska MD PhD** - The frequency of HPV type53 in premalignant lesions in our country

11:00-11:15 **Dr Melika Dervišefendić Peljto dr.med.sc** - Prevention and treatment of HPV lesions of the cervix with a combination of Carboxymethyl beta-glucan and Polycarbophil

13:45-14:00 Discussion and Satellite lecture

14:00-15:00 Lunch

PROGRAM INFORMATION

15:00-15:15 Dr Ahmetović Karić Edina - Outcome of medical abortions at the Clinic for Gynecology and Obstetrics, University Clinical Center Tuzla, in the period 2020-2025

15:15-15:30 Asist. dr Marko Stojić Psychological status and infertility - is there a "secret connection"

15:30-15:45 Prof dr Azra Hadžimehmedović - The influence of thyroid hormone activity on female fertility

15:45-16:00 Assist. prof. Nina Jancar, M.D., Ph.D. - Fertility preservation in cancer patients

16:00-16:15 Asja Imamovic MD - Correlation of AMH levels with the abundance of Lactobacillus spp in the endometrial microbiome and the number of mature oocytes in women undergoing IVF treatment

16:15-16:30 Prof dr Gligor Tofoski - Artificial intelligence in Diagnosis and Treatment of infertility

16:30-16:45 dr.sci genetike Elma Mrehić - The role of genetic testing in the diagnosis and treatment of infertility - integration of genomic medicine into reproductive health

16:45-17:00 - Coffee break

17:00-17:15 Doc dr Anis Cerovac - Metabolic syndrome and thyroid hormone status in postmenopausal women

17:15-17:30 Prof dr Lejla Mešalić - Contemporary concepts in understanding and treating obesity during the menopausal transition

17:30-17:45 Prof.dr. Milan Dokić - Gynecological endoscopy and its importance in the diagnosis of infectious (granulomatous) diseases

17:45-18:00 Asja Imamovic MD - Postoperative bacterial flora of the tip of an abdominal drain after endoscopic surgery

18:00-18:15 Primarijus.dr.sc Damir Hodžić dr.med. - Functional magnetic stimulation in the treatment of female urinary incontinence and pelvic floor muscle dysfunction

18:15-18:30 Discussion at all lectures on the first day of the symposium - satellite lecture

20:00 - Gala dinner and socializing of Symposium participants

PROGRAM INFORMATION

SATURDAY 15 NOVEMBER 2025

- 09:00-09:15 Doc.dr.sci Žana Stanić** - Management and perspectives of pregnancies in solid organ transplant recipients
- 09:15-09:30 Prof dr Vesna Šalamun** - Adenomyosis, pregnancy and childbirth
- 09:30-09:45 Prof dr Nenad Lučić** - Treatment of cervical cancer during pregnancy
- 09:45-10:00 Prof dr Kenan Drljević** -Cancer in pregnancy
- 10:00-10:15 Dr Amra Mujkanović-Džino** - Recurrent rise in B-hCG and suspicion of gestational trophoblastic neoplasia after complete hydatidiform mole in a 17-year-old patient: case report
- 10:15-10:30** Discussion and satellite lecture
- 10:30-11:00** Coffee break
- 11:00-11:15 Prof dr Snežana Rakić** - Progesterone overdose in pregnancy
- 11:15-11:30 Prof. dr Vesna Ećim-Zlojutro** - Prevention of cerebral palsy during childbirth - our experiences
- 11:30-11:45 Prof.dr Svetlana Janković** - Delayed delivery of the second twin - our experiences
- 11:45-12:00 Dr. Pavlina Korunoska** - Vaginal bleeding in the 28th week of gestation in a primiparous woman with regular early discharge - case report
- 12:00-12:15 Prof dr Snezana Rakić** - Protocols for managing premature birth
- 12:00-12:15 Prof. dr Bogavac Mirjana** - Biomarkers in Focus: Can Resistin Predict Preeclampsia Before Clinical Symptoms?
- 12:15-12:30 Doc.dr Lejla Kamerić** - Uterine artery resistance index (RI), end-diastolic notch, and parity in pregnant women with risk factors for preeclampsia
- 12:30-12:45 Asli Aysel Ocal M.D.** - Preeclampsija: Management and Timing of Delivery
- 12:45-14:00 Doc.dr Anis Cerovas (Sabina Dindić Husetić)** Prenatal diagnostics and ethical dilemmas
- 14:00 15:00** - Discussion on previous lectures and modern pregnancy management protocols. Certificate distribution and closing of the symposium.

PROGRAM INFORMATION

GUIDELINES FOR WRITING AND SUBMITTING ABSTRACTS

Active participants of the congress will present their papers through oral presentations, limited to 15 minutes.

When submitting abstracts, please note the following:

- It is possible to submit up to three papers per presenting author, who must always be clearly indicated.
- Co-authorship is limited to three submitted papers.
- Each paper may have a maximum of five authors (including co-authors).

Anyone wishing to submit and present a paper at the Symposium must send:

- The title of the paper and the abstract
- Deadline: September 30, 2025
- Email address: hidorahimic@gmail.com

Abstracts must be prepared in MS Office Word, in Calibri font (default font for MS Office 2007 and later versions), font size 12, with line spacing 1.5. The title should clearly reflect the content of the paper.

The list of authors must clearly indicate the presenting author, as well as the institutions/organizations they represent.

The abstract text must:

- Be written in the languages of the peoples of Bosnia and Herzegovina and in English
- Have a maximum of 250 words
- Be structured to include: introduction, materials and methods, results, and conclusion
- End with up to 5 keywords

After submission, abstracts will be evaluated by the Scientific Committee of the Congress. Authors will be notified of acceptance no later than October 15, 2025.

After the congress, all abstracts will be published in an electronic Book of Abstracts, which will be available to every Symposium participant.

Scientific Committee of the Congress

PROGRAM INFORMATION

The invitation is intended for sponsors: pharmaceutical companies, as well as other healthcare institutions and organizations engaged in the trade of medical equipment.

Dear Sponsors,

On the opening day of the Symposium, there will be a promotion of a new and comprehensive book (approximately 700 pages, B5 format) entitled:
“Tumors of the Female Reproductive System”

This book has been written by 25 distinguished experts in the fields of gynecology, gynecologic oncology, microbiology, epidemiology, and pathology. It is designed as a key resource for medical students, residents, clinicians, educators, and healthcare professionals dedicated to improving women's health.

To enable the realization of this important publication, we are seeking financial support from leading organizations in the pharmaceutical industry, companies involved in the sale of medical equipment, healthcare institutions, and laboratories in both the private and public sectors.

Your partnership would not only facilitate the production and distribution of this valuable resource, but also associate your brand with a highly respected and authoritative medical community in the region, as the authors of this book are recognized experts both regionally and internationally.

The book promotion is scheduled to take place during the Symposium “GAK Perspectives – Women's Horizons 2025”, organized by the Association of Gynecologists and Perinatologists of Tuzla Canton, from November 13–15, 2025, at Hotel Salis, when we also expect the attendance of the authors.

We need your assistance because we plan to present a copy of the book to every Symposium participant, as well as to all those who contributed to its creation (approximately 200 copies).

As a collaboration opportunity, we offer advertising within the book. You can choose an ad on one, two, or a maximum of three pages:

- 1 page – 1,000 BAM
- 2 pages – 1,500 BAM
- 3 pages – 2,000 BAM

PROGRAM INFORMATION

This will provide targeted visibility among a professional audience of healthcare workers.

We believe this collaboration will be mutually beneficial, increasing the recognition of your products while contributing to the development of gynecological practice.

Below you will find the list of authors of this book.

Prof. Dr. Sci. Feđa Omeragić – Editor

Prof. Dr. Sci. Feđa Omeragić, Specialist in Gynecology and Obstetrics

University of Tuzla, Faculty of Medicine, Elective Course in Gynecology and Obstetrics

Prof. Dr. Sci. Aljoša Mandić, Specialist in Gynecology and Obstetrics, Subspecialist in Oncology

Institute of Oncology of Vojvodina, Sremska Kamenica

University of Novi Sad, Faculty of Medicine, Department of Gynecology and Obstetrics

Assist. Prof. Dr. Azra Sadiković, Specialist in Pathology
